AKOSH Program Directive 03-07 - Amended

Date: June 5, 2003

To: Distribution List

From: Grey Mitchell, Director

Subject: Alaska Forest Products Partnership Project

Acting upon recent recommendations from Region X, some clarification to terminology in the initial program directive dated April 10, 2003 has been made.

Whenever an AKOSH inspection was referenced, "Consultation visit(s)" has been substituted. References to the OSH Act of 1970 have been replaced by references to the Alaska Safety and Health statutes. A sixth goal to enhance employee involvement in company safety and health has been added. An employee involvement component has been added to the Appendix A checklist. A reference to paragraph I of the program directive has been added to Appendix B.

This amendment to program directive 03-07 becomes effective immediately. Please ensure that all members of your staff receive the Alaska Forest Products Partnership Project Agreement and this program directive, and understand how to implement it.
